

try on program

For the convenience of those brides and bridesmaids who do not have a retail location in their area, we offer a Try-On program. Through our Try On Program, you may request up to 3 dresses be shipped to you so you may see the style of the dresses before placing an order. We do require that if you have a retail location in your area, that you please work with our retailers.

Please complete the following form and fax it back to us. We require 1 week notice before we can send the bridesmaid dresses to you. If your dress is not available at the time you request, we will let you know when it will be available for shipment. Dresses may currently be with other customers for the Try On Program.

1. As with many retail stores, our sample dresses are available in limited sizes and colors. We will do our best to accommodate you with your requested size, but we will ship you what is currently available. If the color you requested is not available, we will send you large fabric swatches.
2. A credit card number is required for our Try On Program. You are responsible for all damages to dresses.
3. There is a \$25 charge for shipping the dresses to you. Please note, that we do not cover the cost of sending the dress back to us by a trackable method. Sample dresses are sent out Mondays and you will receive them in 3 days. Sample dresses must be returned the following Monday. If the dresses are not returned, you will be charged the full retail price of each dress that was shipped in addition to a late fee. A late charge of \$25 per day may occur, so please be sure to return the dresses on time.
4. You are responsible for the return shipping costs. Please send the dresses back to us via a 3 day shipping method. You must send the dresses thru a trackable method such as FedEx, or UPS. Insurance for the retail value of each dress is required. Send to:
